

SUNDAY, MARCH 30
3:30 PM
AT MITCHELL HOUSE MUSEUM
\$15 per person

All are Welcome

All proceeds to St. George's Historical Society

Join us for a Talk by Peter Barrett

The history of Bermuda is an adventure of surviving through the centuries. Survival depended on merchants forging new trading routes, all the while responding to opportunity when much larger nations found themselves at war to dominate the northern Atlantic. After WW2 Bermuda knew it had to embrace new technologies and commercial strategies to keep the economy moving forward. “Shipwreck to Shorts” will highlight the macro-economic paradigm shifts which transformed Bermuda from an island established to support its colonial sibling Virginia, to what it is today.

Members may pay your dues at the event and Membership Forms will be available.

Refreshments are included
